## REPORT OF INDEPENDENT AUDITORS

To the Board of Directors  
Foundation for Appalachian Kentucky, Inc.  
Chavies, Kentucky

### Report on the Financial Statements

We have audited the accompanying financial statements of the Foundation for Appalachian Kentucky, Inc. (the "Foundation") which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2014 and 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

### 1. NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Operations

The Foundation for Appalachian Kentucky, Inc. (the "Foundation") is a not-for-profit entity that was created in 1998 and began full operations in 2008. The Foundation changed its name in 2011 and was formally known as the Community Foundation of Hazard and Perry County, Inc. The Foundation is located in Chavies, Kentucky. The mission of the Foundation is to support collaborative work in the community around a common vision that enhances the lives of all local citizens and to create a permanent endowment to serve as a catalyst and resource to respond to changing community priorities.

#### Management's Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities and the reported support, revenues and expenses. Actual results could vary from the estimates that were used.

#### Basis of Presentation

Net assets, support, investment return, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed restrictions and made up of the Foundation's operating fund and monies designated by the board for specified purposes. The Foundation maintains unrestricted funds as follows:

*Operating* – used to fund current operations of the Foundation

*Board designated unrestricted endowment* – funding placed into the endowment to benefit future operations

Temporarily restricted net assets – Net assets not yet appropriated for expenditure by the Foundation's Board of Directors in accordance with their spending policy or that have donor-imposed restrictions relating to a stipulated purpose or a specified time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished or amounts have been allocated for expenditure by the Board of Directors, temporarily

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

---

restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions.

Permanently restricted net assets – Net assets subject to donor-imposed restrictions that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Foundation. Included in this classification are endowment funds based on donor intent requiring that the principal be maintained in perpetuity and invested for the purpose of producing present and future income.

### Investments and Investment Return

The Foundation carries its investments at fair value for financial reporting purposes. Changes in unrealized appreciation or depreciation of investments are reflected in the Statements of Activities in the period in which such changes occur.

Interest and dividend income and net unrealized and realized gains and losses on investments are recognized as unrestricted or temporarily restricted based upon the existence or absence of donor-imposed restrictions or the related fund classification in accordance with the Foundation's spending policy.

### Contributions Receivable

During 2013, the Foundation released a donor from a pledge commitment resulting in a \$136,982 reduction in the Foundation's change in net assets.

### Support, Revenues and Expense Recognition

Contributions, which include unconditional promises to give (contributions receivable), are recognized as revenues in the period the contribution is received or the promise is made.

Support and revenues are reported as increases in either unrestricted, temporarily restricted, or permanently restricted net assets in accordance with the nature of the related contribution. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in either unrestricted or temporarily restricted net assets in accordance with the classification of the fund as it relates to donor intent.

The Foundation recognizes grant revenue in the period the related expenses are incurred.

All other revenue is recorded when earned.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

---

### Income Taxes

The Foundation is organized as a not-for-profit corporation under Section 501(c)(3) of the United States Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Foundation and recognize a tax liability if the Foundation has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.

As such, the Foundation is generally exempt from income taxes. However, the Foundation is required to file Federal Form 990 – Return of Organization Exempt from Income Tax which is an informational return only. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis in the notes to financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited. While the methods of allocation are considered appropriate, other methods could produce different results.

### Subsequent Events

The Foundation has evaluated events or transactions occurring subsequent to the Statement of Financial Position date for recognition and disclosure in the accompanying financial statements through the date the financial statements are available to be issued, which is \_\_\_\_\_, 2015.

### 3. RISKS AND UNCERTAINTIES

The Foundation holds investments (Note 2). Such investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the amounts reported in the accompanying financial statements.

### 4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The Foundation's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

# FOUNDATION FOR APPALACHIAN KENTUCKY, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Common stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Mutual funds and exchange traded funds:* Valued at the daily closing price as reported by the fund. Mutual funds and exchange traded funds held by the Foundation are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Foundation are deemed to be actively traded.
- *Interest in charitable lead annuity trust:* Fair value determined by calculating the present value of the annual amount to be received until termination of the trust using a 2.52% discount rate.

The following table sets forth by level, within the hierarchy, the Foundation's assets measured at fair value on a recurring basis as of December 31, 2014 and 2013:

	2014		
	Fair Value	Level 1	Level 3
Assets:			
Investments			
Common stocks	\$ 484,125	\$ 484,125	\$ -0-

# FOUNDATION FOR APPALACHIAN KENTUCKY, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

---

The progression of interest in charitable lead annuity trust during the year ended December 31, 2014 is as follows:

	<u>2014</u>	<u>2013</u>
Beginning balance	\$ 3,763,545	\$ 3,916,089
Trust payment received	(250,000)	(250,000)
Change in present value	<u>93,567</u>	<u>97,456</u>
	<u>\$ 3,607,112</u>	<u>\$ 3,763,545</u>

### 5. GRANTS RECEIVABLE

Grants receivable consist of the following at December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Appalachian Regional Commission	\$ 25,000	\$ -0-
Appalachian Rural Development Philanthropy Initiative	<u>22,000</u>	<u>30,653</u>
	<u>\$ 47,000</u>	<u>\$ 30,653</u>

### 6. INTEREST IN CHARITABLE LEAD ANNUITY TRUST

During 2012, the Foundation became the lead beneficiary of a charitable lead annuity trust under which \$62,500 is received quarterly for twenty years. Upon termination of the trust, the trust assets revert to the beneficiaries named by the donor. The Foundation's interest under this trust was \$3,607,112 and \$3,763,545 at December 31, 2014 and 2013, respectively. In calculating the present value of the amount to be received until termination of the trust, a discount rate of 2.52% was used. The Foundation is not the trustee of this trust, therefore, the fair value of the trust assets has not been recorded in the Statements of Financial Position at December 31, 2014 and 2013.

### 7. TEMPORARILY AND PERMANENTLY RESTRICTED NET ASSETS

Temporarily restricted net assets of \$4,213,662 and \$4,203,005 consist of endowment funds not yet appropriated for expenditure at December 31, 2014 and 2013.

Permanently restricted net assets in the amount of \$1,829,371 and \$1,683,537 at December 31, 2014 and 2013, respectively, are donor-restricted assets whereby the principal amount is never to be expended.

### 8. NET ASSETS RELEASED FROM RESTRICTIONS

Net assets released from restrictions for the years ended December 31, 2014 and 2013 were as follows:

	<u>2014</u>	<u>2013</u>
Time restrictions related to contributions receivable	\$ -0-	\$ 86,982
Endowment funds appropriated for expenditure	<u>531,044</u>	<u>347,037</u>
	<u>\$ 531,044</u>	<u>\$ 434,019</u>

### 9. ENDOWMENT

The Foundation maintains endowment funds. These endowment funds include both donor-restricted assets and assets designated by the Board of Directors to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the historic gift value as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowments, (b) the original value of subsequent gifts to the permanent endowments, and (c) accumulations to the permanent endowments made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the funds. ## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

endowments are classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds.

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for granting purposes while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must use for a donor-specified purpose as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce long-term growth of capital without undue exposure to risk. Actual returns in any given year may vary.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment decisions shall be made with the intent of maximizing the long-term total return of the portfolio through market value changes (realized and unrealized) and through earned income (dividends and interest).

The Foundation has a policy of appropriating for distribution each year 4 percent of its endowment funds' average fair value over the prior 12 quarters, or a lesser percentage as voted upon annually by the Board of Directors. In establishing this policy, the Foundation considered the long-term expected return on its endowments.

The endowment funds by net asset type at December 31, 2014 and 2013 were as follows:
