

## Fee Schedule

**Community Support Fees:** The Foundation for Appalachian Kentucky (Foundation) assesses a community support fee to cover the cost of administration and to continue the Foundation's important work in our communities. Community Support Fees provide the necessary resources to operate efficiently and effectively, ensuring fiscal responsibility in grant due diligence, receipt and tax acknowledgement of contributions, grant processing, donor portal access, donor and nonprofit education, promotion of charitable giving in our region, research, and other activities. In short, when you partner with the Foundation, you are supporting our community and not a for-profit business offering critical services to your community. Fees are calculated at the end of each calendar year based on the average fund balance for the previous 12-quarters.
